VICTORY DRIVE ENDS TONIGHT

Alexandria Will Go More Than $100,000 Over The Top

VICTORY FLAG HERE

R. S. Jones, Chairman, Congratulated On Splendid Showing Made by Alexandria in Drive.

Within the next few hours the Victory Loan will be but a memory. If you have not already bought your Victory Bond, go tonight to your bank and help swell Alexandria's total in this drive. Today the banks hav literally been swamped with customers purchasing bonds. Indications are that the rush will not end until the closing hour of the drive at 9 o'clock tonight.

Alexandria's quota in this drive was $554,800. It is generally believed that this city will go over the top by more than $100,000. It was impossible late this afternoon to get anything like an accurate estimate of the amount of bonds sold. However, it is safe to say that the city will exceed her allotment by more than $100,000. Everyone should have one or more of these bonds. As stated above, the banks will be open until 9 o'clock tonight for the sale of the bonds.

Robert S. Jones, chairman of the local Victory drive, today received the following telegram from Oliver J. Sands, state chairman, from Richmond:

"Delighted to learn from your wire that Alexandria has completed its quota. The entire community congratulates you on your good work. See how much you can get today."

The local committee announces that the Victory Libert Loan flag has been received and will be placed on exhibition in the window of the drug store of J. E. W. Timberman, northwest corner of King and Washington streets.

"HAPPY" GARDNER HOME

Walter P. Gardner, formerly in the employ of the Southern Railway and whose never-ending smile gained him sobriquet, "Happy," returned to his home in this city on Thursday night after eleven months of service with the famous Twenty-ninth division overseas. Young Gardner enlisted in Co. G, First Virginia Regiment (the Alexandria Light Infantry) on August 31, 1917, and left here three weeks later for the training camp at Anniston, Ala., where he remained nearly a year before being sent overseas. When Gardner first tried to get into the world fray he was pronounced physically disqualified. Determined however, to serve his country he submitted to a surgical operation and finally was accepted. Though the Twenty-ninth division was engaged in some of the hottest fighting on the other side Gardner was lucky enough to return without a scratch and is still wearing the smile that he wore when he went overseas.

WILL ASSIST IN SALVATION ARMY DRIVE

Mrs. Ensign F. O. Burdick of Houston, Tex., familiarly known to thousands of American doughboys as "Ma" Burdick, is back from the war. She is a 60-year-old Salvation Army lassie and shell-hole heroine of the Toul sector, where she was regarded as an angel by tthe soldiers of the A. E. F., who she adopted wholesale as her own sons. Mrs. Burdick will assist in the Salvation Army Home Service Campaign for $13,000,000 May 19-26.

The kindly ministrations of this war heroine made her one of the best beloved of all women war workers, for she mothered the boys during the saddest moments of their lives; at a time when their own mothers were thousands of miles away, and when the chances of ever seeing their home folks again seemed slim. She braved the greatest of dangers working over a camp stove fashioned from scrap iron, frying flapjacks for the boys while German "Big Berthas" burst all around her. She has gentle, tender mother hands and eyes, and her smile is a benediction. She brought this smile back from France with her. She also brought a steel regulation trench helmet, which protected her silvered head from bullets and shell splinters.

TO KILL LUXURY TAXES

Senator Penrose Declares They Will Be Wiped Off Statute Books

The financial policy which the new Senate will be expected to follow was outlined yesterday by Senator Penrose of Pennsylvania, who will be the chairman of the Finance Committee.

Here are the things which Senator Penrose will propose to the Senate for the regulation of the country's finances:

1. Repeal of the luxury taxes.
2. Installation of a budget system.
3. Simplification of the tax laws.
4. Reduction of taxes of individuals.
5. Investigation of war expenditures.
6. Repeal of all powers heretofore granted for price-fixing and other forms of interference with legitimate business.

Senator Penrose declared that "retrenchment and economy" should be the watchword of the next Congress under Republican control. He believes that every effort should be made to restore business to its normal status and that government expenditures should be reduced as quickly a possible.

"RED" CONSPIRACY

British Sailors Instructed to Seize Shipping Craft and the Harbors.

London, May 10.—A conspiracy to induce British sailors to mutiny and soldiers to demobilize themselves by marching out of their barracks has been discovered, according to the Daily Mail. The premises of various persons have been searched and documents seized.

The stations involved, the newspaper says, include four in France and several in England, while the sailors in naval ports have been circularized with a view to inciting them to seize the ports and invite the soldier police to join them.

The object of the plot is stated to be to compel the Government to use force if the projected disorders should occur, the organizers believing that this would precipitate anarchy.

THE MILLS OF THE GODS

Less than 50 years spans the period between the greatest glory of Germany and a humiliation deeper than that of any considerable nation in history. In 1871, with its iron-shod boots trampling the third of its victims in seven years, Prussia erected itself into the German Empire and placed the imperial crown upon its brutal forehead. In 1919 it listens to a decree of dissolution, disarmament and disgrace.

What it took from France, and much of what it took from Denmark and Poland, is restored to its victims in wars that turned its head and made it the bandit of the world Its army and navy are to be reduced to the dimensions of a modest police force. Its western front is to be left without defenses. Its colonial empire has disappeared. The greater part of its merchant marine will be taken to pay in kind as far as it goes the damages wrought by its submarines. It will be hedged in on the east by Poland and on the south by Czecho-Slovakia.

The most remorseless enemy of Germany, the most revengeful of its victims, could hardly ask for more, for in addition to all these penalties it must toil for a generation, perhaps for a century, to pay a pecuniary penalty the full dimensions of which are not stated, but must be accepted in blank, and the first installment of which is four times as great as the unprecedented ransom it extorted from prostrate France.

Its former Kaiser, now a fugitive from his country, which has disowned him, must stand trial for crimes against civilization, and his subordinates must go before the bar of alien Courts on charges of specific violations of international law. The Scriptures are verified, and that which took the sword has perished by the sword.

Yet the peace treaty is not one of vengeance, but of justice. It is not an expression of hatred, but the stern judgment of the civilized world upon the nation which precipitated the greatest of all wars for the least of all reasons, for the gratification of the most criminal of all ambitions.—Philadelphia Record.

OEHLERT CASE NOW WITH JURY

Closing Arguments Compleed Late This Afternoon in Corporation Court

MANY ATTEND TRIAL

Shooting of Kidwell Took Place November 12, 1918, at Office of Yardmaster of Southern Railway.

It is expected that the case will go to the jury shortly before 5 o'clock this afternoon.

The opening argument on behalf of the state was made late this afternoon by Commonwealth's attorney Howard W. Smith. He was followed by Attorney Edmund Burke for the accused and the closing argument will be made by Mr. Smith.

Oehlert's case will it is expected go to the jury shortly before 5 o'clock.

The work of taking evidence in the second trial of William H. Oehlert, charged with shooting and killing Linwood Kidwell in the office of the yardmaster of the Southern Railway in this city on the night of November 12, 1918, was continued until a late hour in the Corporation Court last night. Most of the witnesses had testified at the first trial, and their testimony varied but little from that published in The Gazette during the first trial.

It was alleged that the accused entered the office on the night named, and, after repairing to the door and discharging his pistol several times, returned and began to reload the weapon. He subsequently said, it was charged: "How about shooting up this place?" A shot was fired almost immediately after, and Kidwell fell, mortally wounded.

The defense, as at the previous trial, contended that the shooting was accidental, and that the pistol was discharged while Oehlert was engaged in loading it. The defense also contended that Oehlert and Kidwell had been close friends.

The prosecution averred that Oehlert generally carried a pistol and on other occasions had acted in a hostile manner towards his fellow-employes at the railroad yard. These charges were in the main ruled out, however.

The court reconvened at 10 o'clock this morning, when the examination of witnesses was continued. But a corporal's guard of spectators were present.

All the evidence was in shortly after 11 o'clock, when the work of preparing instructions began.

CANDY WAS POISONED

Analysis of Sweets Sent to Pennsylvania Girl Reveals Deadly Powder

Lancaster, Pa., May 10.—Designs on the life of Miss Kate Mumma of Rothville, this county, were revealed by a chemical analysis of a powder substance that was sprinkled over a box of candy sent her through the mail. Miss Mumma received the candy yesterday and, after partaking of some of it, became very ill.

Timely relief administered by a physician saved her from serious results. Being suspicious of the candy she had it examined and it was discovered that it had been liberally sprinkled with rat poison. The box was postmarked in this city. Miss Mumma and her friends are entirely mystified that an effort should be made to take her life.

RIOTING FOLLOWS STRIKE

Toledo, Ohio, Plant Tied Up When 10,000 Men and Women Quit.

Toledo, Ohio, May 10.—Disorder, which started Thursday afternoon in connection with labor troubles at three Toledo industrial plants, including that of the Willys-Overland Company, broke out again yesterday, when special officers on duty at the plant of the Ford Plate Glass Company, in Wood county, fired on 50 employes approaching the timekeeper's office.

To quell what appeared about to be a riot, the officers, who include a special force of returned soldiers, fired low and no one was shot. The men then dispersed. Later an alleged I. W. W. agitator was arrested when he took refuge in a house.

The Police Department is devoting its entire attention to measures to prevent rioting, and further trouble is momentarily anticipated at the Overland plant and at the Auto-Lite and Ford Glass Company plants, at all of which places the men are reported to be in ugly mood. Overland workers have been strictly counseled against violence.

Among the men under arrest in Wood county is Clyde Smith, an alleged I. W. W. agitator, who is charged with attempting to incite riot.

The trouble at the Overland plant, where a 44-hour week is demanded, caused an invitation to come from Indianapolis for the removal of the Willys-Overland plant to that place.

At the Ford plant the men are demanding eight hours a day instead of twelve. Eight hundred men are out there.

The Auto-Lite plant was closed indefinitely on account of the rioting at the Overland plant, the management fearing a repetition of the rioting at the Auto-Lite plant.

The Toledo Commerce Club, the Merchants and Manufacturers' Association and 16 banks have indorsed the stand taken by the concerns which have closed their plants.

The strike spirit spread yesterday, when the employes of a fourth plant, that of the Maumee Malleable Castings Company, quit on account of a dispute over nationalities in the plant. The plant was closed indefinitely after Austrians demanded the discharge of a number of Armenians.

DON'T BREAK THE FAITH

Don't break the faith
They died to see us keep—
These lads of ours
That in old Flanders sleep!
They gave so glad, so freely,
In that strife—
And they, too, loved
The ease and swing of life!
They did not lag,
They heard with joy the call,
Though well they knew
That they might also fall.
Don't let them rise
Accusing us at last
That we forgot, forsook
The cause for which they cast
Their young hearts glowing
On those altars seered
With hate and lust,
And faltered not, nor feared!

— Baltimore Sun.

The Richmond Virginia asks, "When the Hun was nearly at the gates of Paris last year would you not have given one hundred dollars for victory and peace? Would you not have given five hundred dollars; would you not have given to the utmost of your ability? Civilization and freedom and all things that men hold dearest—for which countless thousands had laid down their lives—were at stake. Victory and peace are now yours. Your government no longer calls upon you to make sacrifice. It gives you the opportunity to prove your loyalty.

When the nation was at war the forces of destruction were given the main line. All peaceful industries were shunted to the siding. Men worked and gave and sacrificed as a matter of self-preservation. Today they are not asked to give, but merely to lend; and behind the offered loan stands the mightiest security ever devised by human mind—the resources of a great people; the faith and pledge of America."

ALEXANDRIA OVER THE TOP

It is gratifying to state that notwithstanding conditions which prevailed several days ago in regard to the subscriptions to the Victory Loan that our old city has not only taken its allotment but has gone over the top. The last call will be made tonight after the banks shall have reopened, and it is hoped some who have so far paid little heed to the summons to patriotism will respond.

In the words of a patriotic contemporary in one of the earlier Liberty Loans the self-respecting American was urged to "give till it hurts." We've passed that stage. Those who died in France "gave till it stopped hurting." It is up to us to match that giving as nearly as we may. By this time the matter of giving should be so nearly a confirmed habit that further stabs and twinges should have no effect upon us. If we were to give all we have in the way of worldly goods we could not approach the measure of the giving of those heroic dead.

We are not even asked to approach the sacrifice of those who, having survived, the hell of the front line, are still alive. Those men who went into battle put their lives in jeopardy. The fact that they were not called upon to give all that they offered detracts no whit from the heroism of their intention. Many a man who has remained safely at home is deterred from contributing to the Liberty Loan because he fears that if he gives now he may be in want later. How can anyone calling himself a man square such a feeling with his conscience?

There are some hundreds of thousands of men, who willingly risked their lives for us, now ready to come back to us. Yet we hesitate to risk our mere comfort, to bring them back. Splendid Americans, aren't we? Let us get into this, every mother's son of us, and do the little that is asked of us!

Give till it stops hurting!

SPIRITUAL CATHEDRALS

Dickens in "Bleak House" tells of "Tom," the London Waif, falling asleep upon the stone steps of a huge building erected by a society in the interests of certain natives of central Africa. Mrs. Jellyby and Mrs. Pardiggle, prominent characters in the book, were members of this society.

In the fourth chapter of John's Gospel a colloquy between the author of our faith and a Samaritan woman is given. Among other things the Saviour tells her that "the hour cometh when ye shall neither in this mountain (Gerizim) nor yet at Jerusalem worship the Father. God is a spirit, and they that worship him must worship him in spirit and in truth."

A correspondent of a Baltimore paper writing from Cottage Park, Md., says:

Cathedrals, I have been told, are built to the "Glory of God." We should all work to this end. But are there not some other things that could be done that would show the power of Gods spirit in man's heart that would be more useful and help more in giving Him glory? For thousands of years people have been raising temples to God's glory. Solomon built one and the founder of our religion prophesied "that not one stone should be left upon another."

I think that every one will admit that God's glory is, or should be in the welfare of the human race. That temples, cathedrals, mosques with gilded domes, icons and all the other beautiful things that man has devised to give God glory have not saved the human race can be seen by the unhappy conditions of the people of Russia. I expect there is no country in the world that has paid as much attention to this sort of thing as Russia. Why hasn't it? Who can say? My own personal opinion is that it is working on human nature from the wrong end. It it from the top down rather than from the bottom upward. The poor peasant looks at one of the gilded domes and says: It is not to shelter my wife and children, and shuffles back into his thatched hovel.

Let me suggest something that can be done with that $5,000,000,000 that will give glory to God and also help humanity. This amount of money will build 2,500 homes. This would be a fair-sized town. Give these homes to members of the church who donate the money. These homes would accommodate a fair-sized family so that deserving people who believe in doing their share toward perpetuating the human race could be selected. In this way men and women in whose heart there is the glory of righteousness would be placed where they could perpetuate it. The town could be dedicated to the glory of God. A fountain pouring forth pure water could be surmounted by the emblem of our religion and be set in a beautiful park in the center of the town. Tablets could be inscribed setting forth the object of the founders. Such a cathedral as this would open the eyes of the whole world."

A SPLENDID TONIC

Says Hixon Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn. —"About 10 years ago I was," says Mrs. J. B. Gadd, of this place, "I sufferd with a pain in my left side, could not sleep at night with this pain, always in the left side. My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try som more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. I have no return of this trouble.

I feel it was Cardui that cured me, and I recommended it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has many thousands of other women in the past 40 years. "WE WILL NOT SIGN"

All Germany Perturbed Over Peace Term of the Allies

Berlin, May 10.—"We will not sign!" is the cry that rings through all Germany today. It glares at one from every newspaper in the land and stares out of the defiant eyes of 65,000,000 men, women and children. It is the slogan at protest meetings in every city, village and hamlet and the keynote of thousands of telegrams sent to the government from every part of the "Vaterland."

"But if we don't—what then?"

Timidly, with gloomy forebodings, the question is raised here and there.

None dares to speak the answer aloud. Yet, with these war-sickened, half-starved millions, whose dreams are shattered and who dare not think sense terms, that fateful question is uppermost, and all know it must be answered soon or late—and all know what the consequences of a "no" will be.

From one of the German delegates at Versailles comes a telegraphed statement that touches with painful directness what the German people view with shivering dread, and yet is in the back of all minds.

"We must make peace with Russian troops into Germany."

Such is Herr Giesbert's message to his countrymen.

Premier Scheidemann put the official stamp on the defiant attitude of press and public when, addressing the peace committee of the national assembly today, he openly characterized the terms as unacceptable and as constituting "Germany's death sentence."

Monday afternoon the national assembly meets to decide whether Germany shall or shall not sign the treaty.

Gen. Ludendorff was found in ill temper when correspondents sought him out for "expert comment." Said he, clenching his fist and gritting his teeth:

"If these are the peace terms—America can go to hell."

Senate Committee Decides Against Beer Bill.

Boston, May 10.—The Senate Rules Committee decided yesterday by a vote of 3 to 2 against admitting the bill designed to permit the sale of beer and light wines containing less than 4 per cent of alcohol after the national prohibition amendment takes effect. The measure has the indorsemnt of organized labor interests.

The assent of four-fifths of the Senate will be necessary to permit consideration of the bill in the face of the adverse committee action.

STORM KILLS 15 PERSONS

Houston, Tex., May 10.—Reports from the lower Rio Grande valley are that at least fifteen persons were killed Wednesday night in a severe storm.

Near Mission, Tex., six were killed and one seriously injured when a shed was blown down. The dead are reported mostly Mexicans. J. L. Vick, an Americaan, and his two small boys were killed. Mrs. Vick was dangerously injured.

Meager reports said the damage was estimated at $135,000.

CUT THIS OUT

Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritated, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The luck of phosphates is the cause of all enemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 500 per cent in a few weeks time in many instances. Dispensed by Richard Gibson and The Rexall Store.

AN IMPORTANT FACTOR IN CUTTING SHOE EXPENSE

"Many months of comfort at little expense" is the way Charles A. Pearson of San Diego, California, sums up his experience with Neolin Soles. Mr. Pearson had two pairs of shoes resoled with Neolin Soles, and after wearing them for twenty months writes: "I will have to get new shoes sometime, but so far as the soles are concerned, that time seems as far distant as when they were new."

This is typical of the experience millions are having with Neolin Soles. Created by Science to be durable, flexible and waterproof, these soles are an important factor in cutting shoe expense. You can get them on new shoes for the whole family, and for re-soling. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

A THOROUGH TEST

One To Convince the Most Skeptical Alexandria Reader

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Alexandria residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

J. B. Mills, marine engineer, 212 S. Lee St., Alexandria, says: "I have taken Doan's Kidney Pills off and on many years for backache and other kidney trouble. I have always had fine results. A few of Doan's regulate my kidneys and strengthen my back if it feels at all weak and lame. I get Doan's at the Warfield Drug Store."

Mr. Mills gave the above endorsement, on April 13, 1915 and on March 17, 1919 he added: 'Doan's Kidney Pills are certainly fine. If my kidneys get out of order it only takes a few of Doan's to fix me up."

COAL, LUMBER AND BUILDING MATERIALS
W. A. SMOOT & CO. INC.
Your Next Winter's Coal
We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.
Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.
We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.
This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.
We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

PLAYS SAUL OF TARSUS

Leader in Independence Movement Converts Jailor and Fellow Prisoners to Christianity.

Honolulu, May 10.—Dr. Singman Rhee, leader in the Korean independence movement, has had an eventful career as a revolutionist and an experience not unlike that of Paul, who converted his jailer to Christianity.

Dr. Rhee ran the first newspaper in Korea and advocated reforms that got him a prison term of seven years. For seven months he was held in the stocks, and in that time accepted Christianity and began to preach to his fellow-prisoners, with the result that he converted all of them, and his jailers as well.

He was educated in America after his release, and went back to do Young Men's Christian Association work in Seoul, but later went to Hawaii, because Korea was not safe for him, and started a school for Korean boys and girls.

SHOOTS FRIEND IN QUARREL

West Virginian Haad Attempted to Aid Friend in Difficulty.

Charleston, W. Va., May 10.—Returning from a trip to an oasis in Kentucky to his home near Wake Forest, up in the coal fields of this county, William Lewis, crazed by the liquor he had drunk, went to the home of his friend, John Convoy, and aired a fancied grievance about domestic affairs, declaring that he would kill Convoy for his part in the matter. He flourished a revolver, shot once at Convoy, but missed, and the latter, fearing he would be killed, seized a rifle and shot Lewis through the head.

Lewis had been having domestic trouble for a short time, and Convoy had enlisted his services to bring about peace in the Lewis family, it is said, with the result that Lewis blamed him for his troubles, according to the argument before the shooting started. Convoy gave himself up to officers, was brought here and admitted to bond in $2,500 for his appearance at the next term of court.

SHOT THROUGH NECK

Wilmington, Del., May 10.—Angered when aroused by his wife from his sleep shortly after 1 o'clock yesterday morning, when she objected to his snoring so loudly, James T. Godfrey, an optician, is alleged to have grabbed a 32-caliber revolver, and in the tussle that followed Godfrey was shot in the neck and shoulder.

Mrs. Godfrey was arrested on a charge of assault with intent to commit murder. She was released on $2,500 bail.

MOVES AGAINST THE AFGHANS

British Commander in India Begins Advance.

London, May 10.—Gen. Sir A. A. Barrett, in command in northern India, has begun operations against the Afghan tribesmen who crossed the Afghan border and occupied positions on the Indian side. Reuter's Limited learns that the advance of British mobile columns in the neighborhood of the northwest frontier is having a reassuring effect.

The latest news from Kabul, the capital of Afghanistan, is dated April 30, and says that members of the escort party of the British agent, who is an Indian, had left Kabul. At that time Kabul was the scene of great excitement, and there was considerable troop movement in the surrounding country. It was said, however, that there was to be nothing in the nature of a general advance, owing to the absence of direct orders from the Amir.

It is understood here that a band of 400 Afghans, with several guns, has occupied one Indian frontier position, and that a somewhat larger force is at another point.

CLASH ON BORDER

Laredo, Tex., May 10.—The bodies of Immigration Inspector Charles H. Hopkins, and three Mexican smugglers, who were killed in a clash on the banks of the Rio Grande, last night were brought here.

I. R. Hall, of the Texas health service, and Jos. E. Valdez, alleged Members of a gang of smugglers, were injured, probably fatally.

The officials for several days had been on the trail of the smugglers and encountered them as they made a landing on the American side of the river. When commanded to halt, it was said, the Mexicans opened fire, killing Hopkins. Returning the volley, three Mexicans were killed and the fourth fatally hurt.

Unsettled Conditions in Austria-Hungary Complicates Drafting of Second Treaty.

Washington, May 10.—The treaty of peace which the Allied governments will lay before the plenipotentiaries of Austria, Hungary and less stern than those which the Germans stern thanthose which the German government is now wrestling with, according to authoritative information on the subject. The important elements of this second treaty have been agreed upon, and it is merely a matter of drafting it into permanent form and of concluding minor details.

NEGRO GRABS GIRL

Attempts Criminal Assault at Sparrow's Point, Baltimore.

Baltimore, May 10.—Search for the negro, who on Wednesday morning grabbed 13-year-old Blanch Amos, choked her and attempted to drag her into the woods for a more brutal assault, but was prevented by the timely arrival of two white men, is being carried into every nook and corner by the Sparrows Point police.

Three negroes have been arrested and taken before the little girl for identification. Each time she has said that the prisoner was not her assailant, and has pointed out the points where the prisoner did not tally with the description of the man who assaulted her.

The little girl was going from her home, in Edgemere, to the Sparrows Point School between 8:30 and 9 a.m. As she walked along the lonely roadway she noticed the negro following and became frightened. In the strip of heavy woods just on the border of Sparrows Point she began running.

Approaching, the negro asked to be shown one of her school books, and, opening one, she began explaining it with trembling voice. The negro laughed, and, snatching the books away, began choking her as he dragged her to the thicket. Blanch screamed just as Peter Seigel rounded a turn in the road a few yards away on his motor truck.

Jumping from the machine, Seigel grappled with the negro, but he broke away and dashed off through the underbrush. The child's scream was heard by Patrolman Walter Adams, who reached the thicket in time to join Seigel in pursuit of the negro.

The would-be assailant succeeded in losing his pursuers in the heavy underbrush and made his way into one of the camps in Sparrows Point. Blanch was taken to her home and attended by a physician, and was found to be suffering from shock and bruises on her throat.

EX-SOLDIER FOUND DEAD

Isaac R. Daisy Supposed to Have Committed Suicide.

Petersburg, Va., May 10.—Isaac R. Daisy, aged 20, unmarried, a discharged soldier from Camp Lee, was found dead yesterday morning in his room at the Knight boarding house, with a bullet in his right temple. He had apparently shot himself. A pistol was found lying by his side.

Daisy was a member of Company B, convalescent center, Camp Lee, but had seen no overseas service. Coroner W. H. Crockford deemed an inquest unnecessary. The man had been suffering from pyorrhea, and had been treated for his teeth for some time. His parents, it is said, reside at Chincoteague, Accomac county.

Today and during the present sale you can buy improved lots at a very low price and on terms of $15 cash and then only $8.00 per month without interest or taxes for two years.

THEATRES

INGOMAR— Mary Miles Minter

"The Intrusion of Isabel" is a five reel romantic comedy-drama, featuring the daintiest star in all screendom—Mary Miles Minter will be seen tonight at the Ingomar. It is number four of the new Minter series, made by the American Film Company, Inc., directed by Lloyd Ingraham, and distributed by Pathe. The story was written by Joseph Franklin Poland.

RICHMOND—Wallace Reid

Wallace Reid has made a distinct hit in his new Paramount photoplay, "The Roaring Road" which is on view at the Richmond theatre today. Mr. Reid is seen as an automobile salesman who does some wonderful things in the way of breaking automobile speed records. The race in which he engages is one of the most thrilling affairs ever pictured. Ann Little is his leading woman.

GRAND TONIGHT

Marjorie North was sure that Gordon Trenwith would marry her. It was the only honorable thing to do and of course she knew that he was a man of honor.

But when he baby was born without the decency of a name she realized that the man she loved was yellow under his veneer of suave kindliness and that he had used her for a plaything; one of his many playthings.

To tell the story would only take the edge off a keen photoplay. Don't fail to see it at this theater.

Also Tom Mix in a Western drama.

FRITZ IS NOW A POTTER.

Former Crown Prince Has Gone Into Business.

Washington, May 10.—The former German Crown Prince has gone into the pottery business, according to official dispatches received here yesterday from Holland. A new company just organized to use the calcareous sands on the Island of Wieringen, in the North Sea, "has named Mr. Frederick William Hohenzollern as the director-manager." It was said he was a large investor in the enterprise.

A specially ambitious piece already put out by the new company is a title portrait of the director-manager in outing costume against a background of church and cottages.

The dispatches said it was reported that the tile had been bought for $40,000 for presentation to Premier Clemenceau of France.
